## ALBUQUERQUE

### ADVENTURE AS I TELL IT

Vanora Jansohn

Do you have the ACA Rally Confirmation? Is the FMCA reservation taken care of? Let's rock 'n roll, destination Albuquerque, New Mexico. We travel with Kit & Gary; which is a comforting fact when about 12 miles N of Show Low in the Cibola National Forest we drive through a snow storm. Beautiful yes; but I hear voices, "what? Albuquerque, why there? It's going to be freezing?" Aah but not with 'silk duds' undergarments I secretly smile.

We spend a few days in Los Alamos; visit the Bradbury Science Museum in which we could have spent an entire day; Bandolier National Park fascinates us with its ancient ruins. We take The Turquoise Trail along Hwy 14 & stop off in Cerrillos. Mary's Bar is different; Mary is all of 88 years old and we learn more folklore of the surrounding areas than at any information center. Madrid is our next stop; not a small feat parking two Alpine coaches with tow vehicles but ingenuity wins. Later we drive up the majestic Sandia Peak which is covered in snow and we slip & slide up to the observation deck; great fun for us Californians.

**March 9<sup>th</sup>** We come roaring into the KOA campground at 8.30am as its ACA pre-rally registration day. What bliss, a shower that runs whilst one showers and no generator needed to dry ones hair.

Its fun meeting up with familiar faces and catching up on each others travels. Are those killer bees I hear in the white tent? No it's the Alpine Club meeting buzzing up a storm. Cute table decorations by Joan Johnson; the Land of Enchantment windsocks & matching yellow

tablecloths pretty up the tent. Gale Johnson gets our attention by announcing that it's time to listen up for the winning card pasted on each table & the Hors D' Oeuvres line begins. Ladies I commend your ability to whip up such ingenious dishes.

**March 10th** Breakfast is catered. I can do this; bring plates, silverware and Garcia's Kitchen prepares & serves. Ron Doyle, president of WRV announced his companies plan for an impressive new RV repair shop.

Sam's Club anyone? No, no, not Nordstrom's Whoever would have thought that Wal-Mart & Sam's club would be classed as a shopping experience. Dinner time and the Alpine club members are treated to a tasty Mexican meal and laughs and story telling abound.

**March 11th** Be ready to take off as the bus leaves at 7.30 am destination Santa Fe & surrounding area. Sandy Clark is our tour guide and we are fascinated by his story telling and knowledge of the history of the native inhabitants. We learn that ACEQUIA means ditch irrigation, TANALES wood gutter like drainage for adobe roofs and at the El Santuario de Chimayo we have the honor of being escorted into the church by Father Roca. We watch as artists work to restore the paintings. Next stop Rancho de Chimayo restaurant. What choices. Our table had no complaints as each ones meal was delicious. The woven items of exotic colors at Centinela Traditional Arts were admired by all. Our visit to the Pueblo of San Il De Fonso Indians was made especially interesting by Sandy's tales. Florence the well known potter was a step back in time as she regaled us with tales of her work while at the same time demonstrating how she makes her pots sans wheel. Phew what a grand cultural day. Thanks.

WRV did it again. 8 shiny, slick '05 Alpine Coaches have the ACA members in & out of those beautiful rigs. For some it proves too much & they sign on the dotted line. Congratulations on your new 'babies'!

**March 12th** Ladies luncheon caravans to the National Hispanic Cultural Center & talk about a group of well dressed 'babes' out for some fun. Lunch is prepared by La Fonda Del Bosque, after which we're treated to a short background talk regarding the history of the center. Divided into small groups each assigned to a tour guide who interprets various paintings; we're awestruck. Oh and don't forget the 'gear head' session. I'm sure it was interesting to those of us from Mars. Dinner time & again we're treated to a flavorful burst of Spanish cooking; careful guys we may forget how to cook.

**March 13th** Laundry time. Marlena promised John she'd cook breakfast if he took care of the laundry. According to John it's the best place to meet the ladies and catch up on local events. At 2 o'clock we attended the Silver Leaf Seminar and the couple of gals that were there tried our best to follow 'rolling Mpg, intake manifold gauge' etc. but should you have questions log on to simply smarter.com.

Max Zuckula with WRV technicians solved a minor problem on our coach which has made a major difference so many thanks from the ACA rally attendees to Max & the technicians.

Lindsay & Randy of Guaranty RV were the highlight of the cocktail social hour as they graciously poured an assortment of delightful wines and the hors d'oeuvres were extravagant. Thanks. Ole to Garcia's who catered the event Music maestro? The Mariachi band makes a grand entrance. Wow what a treat. Our "blonde" president could not resist the charm of the music and we all enjoyed seeing her relax & have fun. Wayne Johnson donates his invention to anchor ground mats as a door prize and the winner is envied by all. March babies now know what anchored the table centerpieces against those windy conditions; oranges & lemons. Those celebrating March anniversaries won the Land of Enchantment wind socks. What a grand finale.

Thank you to WRV, Guaranty RV Centers, Conley RV Centers, Saddleback RV, Bill Plemmons RV World and ACA Members who all

contributed to making this a memorable, fun filled rally.

**March 14th** Seeing 42 Alpine coaches 'dieseling' down the road and the occasional blast from our quiet? horns must be an awesome sight to onlookers. Probably just as well they're not in our RV's hearing; "careful, I see brake lights dear; oh no, the light got us, they seem to be coming to a sudden halt, dear." Efficient, fast parking and we settle down to relax at Balloon Fiesta Park, the main parking area for the FMCA Albuquerque Adventure convention. Next morning we heard shoos, shoos overhead as the balloons did a majestic take off. We attended as many seminars as possible, shopped just a tad & enjoyed the evening entertainment at the convention center. John Davidson was particularly funny as we related to his witty remarks on becoming older. One of his jokes (quote); "How do you describe RVers' - a bunch of old crumbs held together by a lot of dough!" Well, imagine that???

## Rally News

*From the...*

*Fun and Games Department*

---

Gale Johnson

**Well, are we having fun yet?** Two successful

2004 rallies completed and three more to go. That's correct.... **three more to go** as we've added a **bonus** ACA "Beach Party" Rally in November.

Plan to join us **November 8-12** at **Newport Dunes RV Resort** at Newport Beach, California for the **2004 ACA "Beach Party" Rally**. This **bonus** ACA National Rally is being sponsored by **Saddleback RV** of Irvine, CA and presents a host of Southern California event and attraction opportunities. We'll have more details about all of the specific rally activities as we get closer to November, but we already know that we'll open the event with a real California "Beach Party" on November 8<sup>th</sup>...and, for the rest of the rally, we've included plans for live music...several group meals...and lots of surprises.

We plan to give you plenty of free time so that you can tailor some of the "**Beach Party**" rally to your own unique needs and interests. You may choose to walk the beach at sunset ...or, do some early holiday shopping on Rodeo Drive. Then, at the conclusion of the rally, you'll have

plenty of time to travel to your Thanksgiving and Christmas destinations.

An added benefit is that this rally is “back-to-back” with the SoCal Chapter rally which will also be held the preceding three days at Newport Dunes. Plan to come early and experience the fun and fellowship of this great regional chapter event...and then continue the fun at the “**Beach Party**” without even having to relocate your coach.

But...don't party too much because you'll want to be in shape to “rough it” at **DRR IV...January 21-26, 2005** at **Quartzsite, AZ**. Same format as “I,” “II,” and “III”...no plans...no schedules...few rules...lots of fires...“cheesy” door prizes...some good food...and the greatest people anywhere.

**Back to 2004**...this article is being written at the first of June...and registrations for the **August 10-15 Bend, OR Pre-Rally** have already exceeded two-thirds of the reserved spaces. However, if you haven't mailed your registration I would suggest that you E-mail me at [alpinerallies@aol.com](mailto:alpinerallies@aol.com) to check on whether we have any remaining spaces. We'll do our best to find a space for you.

**Branson Homecoming...the road show.** (October 3-8) You should have received your Branson registration materials by the time you read this. Please get your registration in the mail right away as the spaces will sell out fast. This should be the biggest and best ACA Rally to date. Don't miss it!

**Safe Travels; we'll see you down the road.**

## TRAVEL TIPS

Some ACA members have recommended the following service centers that have provided excellent service:

Hemet Valley RV  
Hemet, CA 800-966-4878

Sun Country RV  
Moses Lake, WA 509-766-9964

Dillon's RV City  
Apache Junction, AZ 480-986-0100

### REMINDER

**ACA MEMBERSHIP DUES  
WERE PAST DUE JUNE 30TH**

## BOARD MESSAGES

### A MESSAGE FROM THE MOBILE OFFICE

Claudia Gayhart

I hope that everyone receiving this newsletter remembered to send in your membership dues for 2004/05 so that you will continue to receive “A View From The Summit”. I'm sure you don't want to miss out on any of the information contained in this publication.

Another thing to be on the lookout for is the annual voting ballot which you will be receiving in the mail in early August. You will be voting for 4 Director Seats this year, so please review the candidate's biographies carefully and send in your ballots by the due date on the form. If you plan to be away from home all summer, please be sure to have your mail forwarded to you by August 10. That will insure that you will receive your ballot on time and have enough time to return it for counting and validation purposes.

Danny & I will not be able to attend the pre-rally and FMCA Convention in Oregon this summer since we'll be busy on the other coast. We plan to be at Homecoming in Branson, MO this fall and hope to see all of you there. Gale Johnson has many wonderful things planned for October so I know you won't want to miss it.

Just a friendly reminder – if you haven't joined the FMCA yet, I highly recommend doing so. The benefits are numerous and the information contained in the monthly magazine is priceless. The ACA is an International Chapter of the FMCA and I encourage all of our members to join FMCA. For only \$35 per year, you will become part of an organization of over 200,000 strong. If you have ever attended even one of the seminars at an FMCA Convention, you will understand what a valuable resource this organization provides in your traveling lifestyle.

I wish you all safe travels this summer and look forward to the next time we meet again.

## RAMBLINGS

Don Dittus

We arrived home (northeastern Minnesota) in early May after spending the winter months in the southwest. Even though we are at home, we miss the fellowship and the relaxed atmosphere of a campground with old and new friends. We've fallen into a routine which is comfortable but somewhat boring. Life on the road offers new experiences and the ever changing scene. As we look forward to the Branson "Homecoming" we think more and more of the friends we will see there. Once a year with old friends, we focus on the who rather than the where. The weather has warmed the last few days, the trees are all leafed out (happens the last week of May in these parts) and we look forward to seeing some ALPINE COACHES in the campground this summer. Safe travels to you all. See you in Branson.

## SPECIAL PROJECT'S UPDATE

Chet McIntosh

THE WINNER of the 'NAME THE NEWS-LETTER' contest is Danny Gayhart. Danny's "View From The Summit" was chosen by your Board from a list of entries submitted by ACA members. Danny was awarded a \$20 gift certificate from Kathy Nicholzen, Eugene Silkscreen, ACA member, advertiser, and your friendly Alpine Logo vendor.

Welcome to our newest advertisers, ACA members Fred and Grace Taylor, Financial Underwriters Network (F.U.N. Inc) Boat and RV Financing, and Scott Whitney, [www.Dustyfoot.com](http://www.Dustyfoot.com), a mobile, independent DataStorm dealer/installer. We found Scott at Quartzsite, and after DRR III we parked next to him where he generously helped us with a computer networking problem (in between customers). Then we ran into him again in Tucson where he stood by while we downloaded new MotoSat software (in case we had a problem).

The Datastorm user's group map is awesome. Click on [www.datastormusers.com](http://www.datastormusers.com), and then click on the map, we are #592.

We are looking forward to seeing everyone in Bend.

## FROM THE SECRETARY'S DESK

Carol Reimer

Hi from the desk of your secretary, Carol Reimer. Ken and I haven't been in our Motor Home since March when we were in New Mexico. This is a busy time of the year in the farming and fruit growing season, so we stay close to home to help the Kids with the packing shed. The fruit is delicious this year but a tough time with the sales. If you are in the south you can get our fruit at Publix Grocery Store in the Florida area. We ship them treeripe fruit all season.

We are looking forward to fall and Branson. If you know of any illnesses or losses in our club please let me know so that we as the ACA board can respond. Wishing all of you safe travels and hope to see you in Branson!

## MEMBERSHIP MEMOS

Kay Watts

A hearty ACA Welcome to our new members and thanks to all who have sent in your dues renewals. Annual membership dues were due June 30 and I encourage those of you who have not sent in your renewals to do so. We certainly do not want to lose you. Annual dues are \$35.00.

Our "Homecoming" event will be for members only, and only members can receive discounts for parts at participating Dealers, at Western RV and some Dealers may also offer discounted service.

If you have not attended an ACA event, do so this year. Come and see what great members, Dealers, and FUN we have. Meals, tours, seminars, entertainment, and prizes are all features of our rallies. Dealers may have new display coaches for us to view. Some members have even been known to upgrade to another of these beautiful coaches. Our members are a talented group and we are constantly learning from each other about our coaches and improvements we can add to make them even better.

For most events all Alpine owners are welcome, sometimes at a premium. You may have noticed that the club is requiring higher fees for event attendance for non members, and this will be the last newsletter you will receive giving vital ACA information about activities and events of the Association and the Chapters if you have not paid your dues. Non renewing members will be removed from the active database in mid July just prior to the mailing of the Ballots for the election of Association Officers. According to Association By-laws to vote in this election and to participate as a member in a Chapter, you must be a member of the Alpine Coach Association.

This is your Association, please participate, vote, and let us know what you think by helping us keep our member information up to date. Should you move, advise us of the changes to your address, e-mail account, or have any other changes we need to know in order to stay in communication with you. How you can contact your Board Members is listed elsewhere in this newsletter.

Travel safe and meet us at the next rally. Really give our Rally Director a challenge.

## **THE TREASURER'S CHEST**

Dawnell Greene

While in the process of filing our IRS report for fiscal year 2003 I determined that the financial status report sent to the membership for 2003 was not accurate. ACA reports all financial information based upon a cash basis and there were ACA Club expenses for January 2004 included in the figures reported. Also the ACA Rally account figures did not include rally income or expenses for December. After all the updates the ACA expenses were over stated by \$966.19, the Rally expenses were understated by \$1,649.03 and Rally income was understated by \$6,226.78.

If you would like a revised copy of the 2003 financials I will be happy to e-mail a Word version of the document to you or I will have copies at Homecoming in Branson. You can request a copy via E-mail addressed to [dkgreene@gte.net](mailto:dkgreene@gte.net)

Regarding 2004 financials; as of the end of June we are in line with our planned expenses for 2004 and about half of our planned income has been earned for 2004. If you have not sent in your membership renewals please do so.

## **CHAPTER TALK**

---

Ron Dodge

**Southern California**  
Jim Klinko

Hi Alpiners: Our April rally was held in Chula Vista at the beautiful RV Park and Marina, right on the water. The weather was great. Although we only had 9 coaches in attendance, a good time was had by all. Saturday morning, after coffee and sweet rolls, we enjoyed a short guided tour of the Tijuana Estuary with an expert overview of the delicate balance of the tidelands ecology provided by Imperial Beach council member, Patricia McCoy. Imperial Beach is the most southwesterly city in the continental United States. We walked to the end of the Imperial Beach pier for lunch over the ocean at the famous "Tin Fish" restaurant. Saturday night dinner included dancing to a beach band overlooking the beautiful Chula Vista Marina. The following guests were in attendance at this rally: Gerry & Jane Grewe of St. Louis, MO, in-coach guests of Bob & Sharon Turner; and Russ & Jean Glines of San Jose, CA with their coach. We were happy to have them with us.

The upcoming rallies for Alpine So Cal are listed in the rally schedule.

### **Eastern Chapter (ACE)**

Sandy Munsil

We had our second rally of the year at Stone Mountain, GA, if you were not able to join us, you missed a great time. Sixteen coaches met in the campground at Stone Mountain, Georgia. We had barbecue at the home of Mallise and John Crawford the first night. They have a beautiful home and we enjoyed watching the Kentucky Derby together (with a little betting for fun on the side) before dinner. Thanks go to Mallise and John for opening their home to us. After dinner we returned to the campground and those who wanted went into the park to watch the laser show on the mountain.

The men had their tech talk on Sunday after which everyone did their own thing the rest of the day. We all gathered at the pavilion for Mrs. Winners Chicken dinner Sunday night. Monday we were off early for a bus tour of Atlanta visiting

the Coke Museum, Turner Field, the CNN building and driving around the city before returning to the campground.

Tuesday was a free day. We all met back at the campground in the evening where employees from Lightnin RV picked us up and took us to their dealership for a tour of their facility and dinner. They showed us through their facility, store, offices, and service area. There were several coaches for us to go through and they fed us a great meal with entertainment after. We would like to thank the Lewis family for their hospitality. Lightnin RV has only been selling Alpine Coaches for a short time but they have been supplying special trailers and RVs to movies sets for several years. If you are looking for an Alpine Dealer in the Atlanta area Lightning RV is in Lawrenceville, GA [www.lightninrv.com](http://www.lightninrv.com).

Most of us pulled out Wednesday morning moving on to other destinations or back home. Thanks to Jesse and Shirley Rumberger for putting together another great rally.

We will be meeting September 29th thru October 3rd in Springfield, MO. This is a pre-rally to the ACA Homecoming Rally in Branson, MO. We would love to have you join us. It is sure to be a great time. Pres. Peggy Bacome will be sending information to members soon. If you're interested in joining us information will be on our web site [www.ace-rv.com](http://www.ace-rv.com)

Hope to see you soon!

### **Southwest**

Mac and Sandy Diller are forming a southwest chapter. If you are interested in joining please contact them.

## **TECH TIPS**

---

### **Lowell Potvin**

A couple of the members have had rear shock absorber failures after lifting their rear axle completely off the ground with their jacks. Please be advised that you can lift one rear wheel off the ground while the other is still in contact with the ground but not both.

There are no safety straps securing the axle to the frame to prevent the rear axle from pulling on the shock absorbers.

I think this is something we all need to understand. I hope this saves some members the price of new shock absorbers.

For information sharing on the Web go to:  
[www.IRV2.com](http://www.IRV2.com)  
and click on Alpine Coach Owners Forum.

## **WRV NEWS**

---

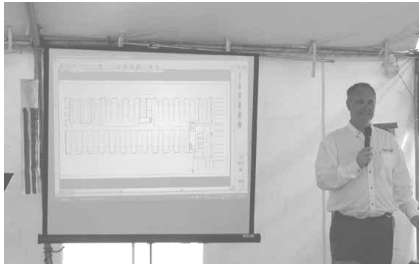

### **WRV Announces New State-of-the-Art Service Facility**

Burk Morgan

Western RV is pleased to announce the construction of a new state-of-the-art customer service facility near the Alpine Coach Manufacturing Center at Sutherland Business Park in Union Gap, Washington.

The new facility is situated on a total of seven acres. At the heart of the expansion will be a

39,000 square foot service building, which will have 22 full service bays. Service and select parts will be available for all products built by Western RV at this new facility. Two bays will be dedicated to collision body and paint repair, and will include a 56-foot long cross draft paint booth. Other areas of interest include a dedicated water test booth with a system allowing technicians to adjust water test pressures from a fine mist to flood settings. There will be an area set aside for customer pickup of new Western RV products allowing complete owner orientation of all working systems and components.

At the main office entrance, a large after-market products display and sales area will include typical items needed during travel, as well as Alpenlite and Alpine Coach related logo clothing and specialty items.

Additional features of the new service center will include an activity building that will have areas for reading, watching television and accessing the Internet. We will have tourist and travel information relating to the great Yakima Valley and points of interest for the entire Northwestern United States. There will be an outside area for enjoying a picnic meal, along with a gas fire pit for nighttime use. An area for overnight parking with electrical power will be provided.

The design for this project is 95% complete and is out for construction bid at this time. We expect to begin construction by July 1<sup>st</sup> and look for completion around October 15<sup>th</sup>, 2004. For more information, or to learn more about the 2005 Alpenlite and Alpine Coach product lines, contact Western Recreational Vehicles toll free at (800) 777-4133 or visit our website at [www.wrv.com](http://www.wrv.com).
